SAFETY ADVICE

BEFORE YOU START:

- Ensure that you read this manual before starting to assemble your item(s).
- Check that you have all parts from the above part list. Do not throw away any packaging until you are confident that you have all parts.
- Keep all plastic bags and fittings away from small children to avoid danger of suffocation and/or choking.
- Do not modify, use other tools or substitute parts to build your item(s), this can and will void your warranty.
- This product may only be used for its intended purpose as outdoor sun-shade within a residential environment. Failure to do so can and will void your warranty.
- Nova Outdoor Living holds no responsibility for any damages caused due to normal wear and tear, incorrect assembly, mis-use and/or negligence.
- We reserve the right to make changes for product improvements.
- This parasol requires additional base weights; we recommend a minimum of 50kg or heavier.

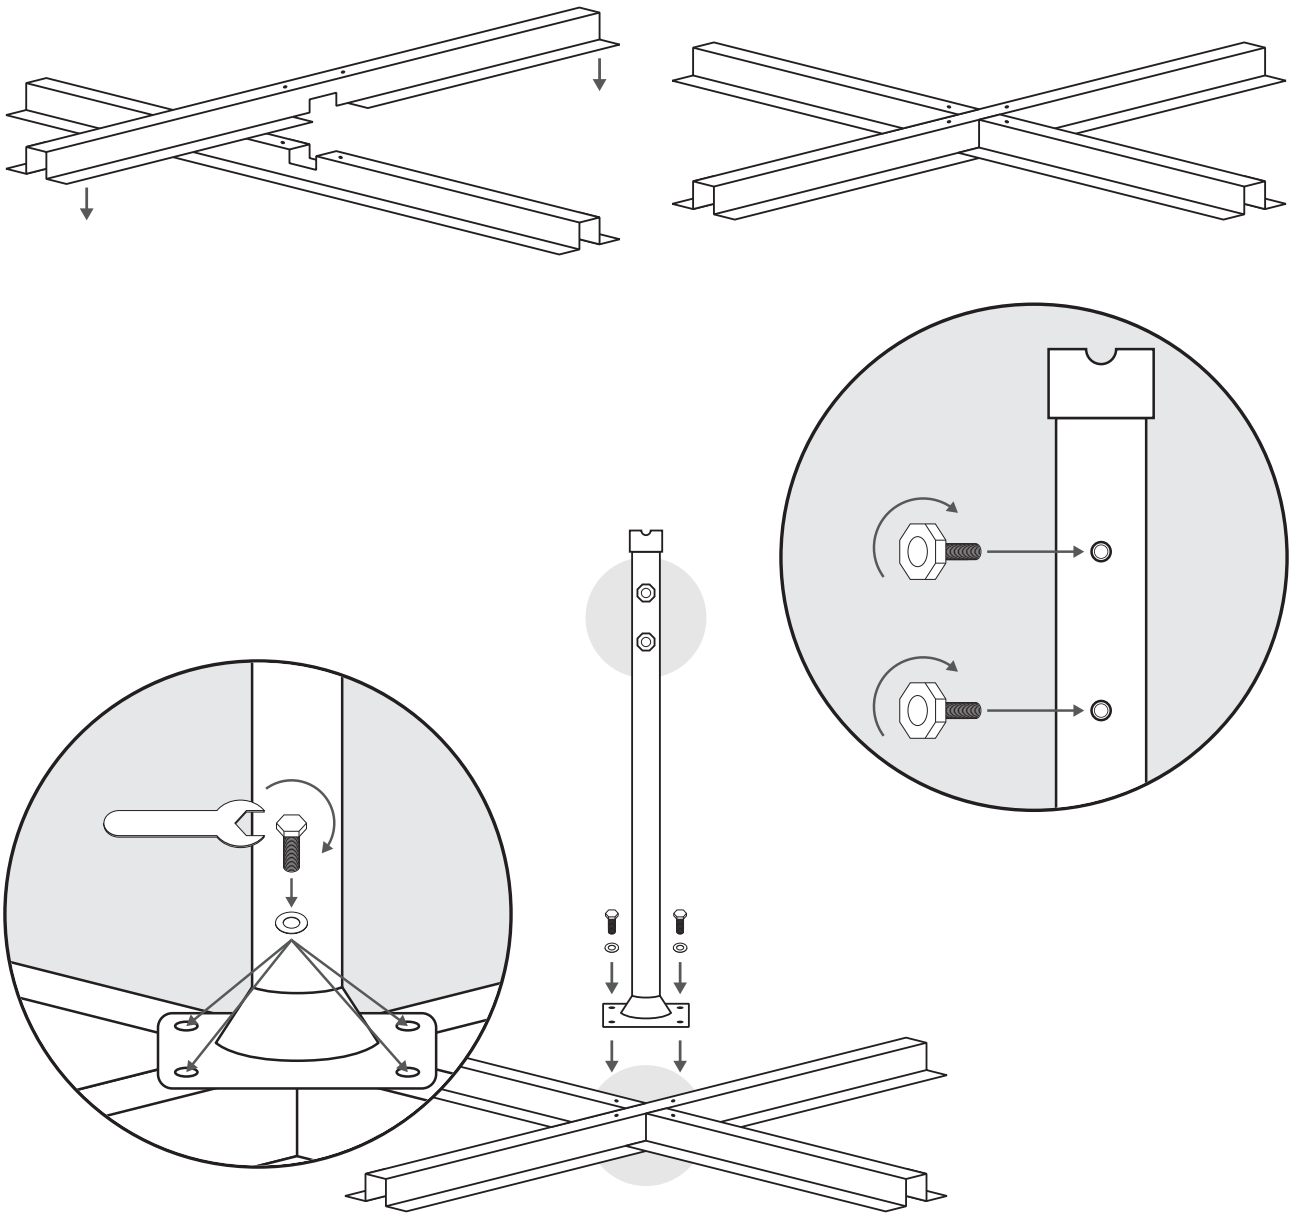
Do not over-tighten the crank, this will cause excessive stress on the crank cord which could lead to fraying or snapping.

Do not leave the parasol up when not in use or during windy conditions.

ASSEMBLY

STEP 1

Remove all parts from the packaging; place the top half (A) safely to one side. Take both cross section parts (B & C) and place the top over the bottom. Place the base pole (D) on top of the cross section making sure that the holes line up. Take all 4 M8x15mm hex bolts (F) and 4 M8 washers (G) and loosely screw them in to the holes finger-tight. Once all 4 screws are in loosely, you can use the spanner (E) to tighten them all. Finally, take both thumb screws (H) and screw them into the two top holes on the base pole, do not tighten them all the way in yet.

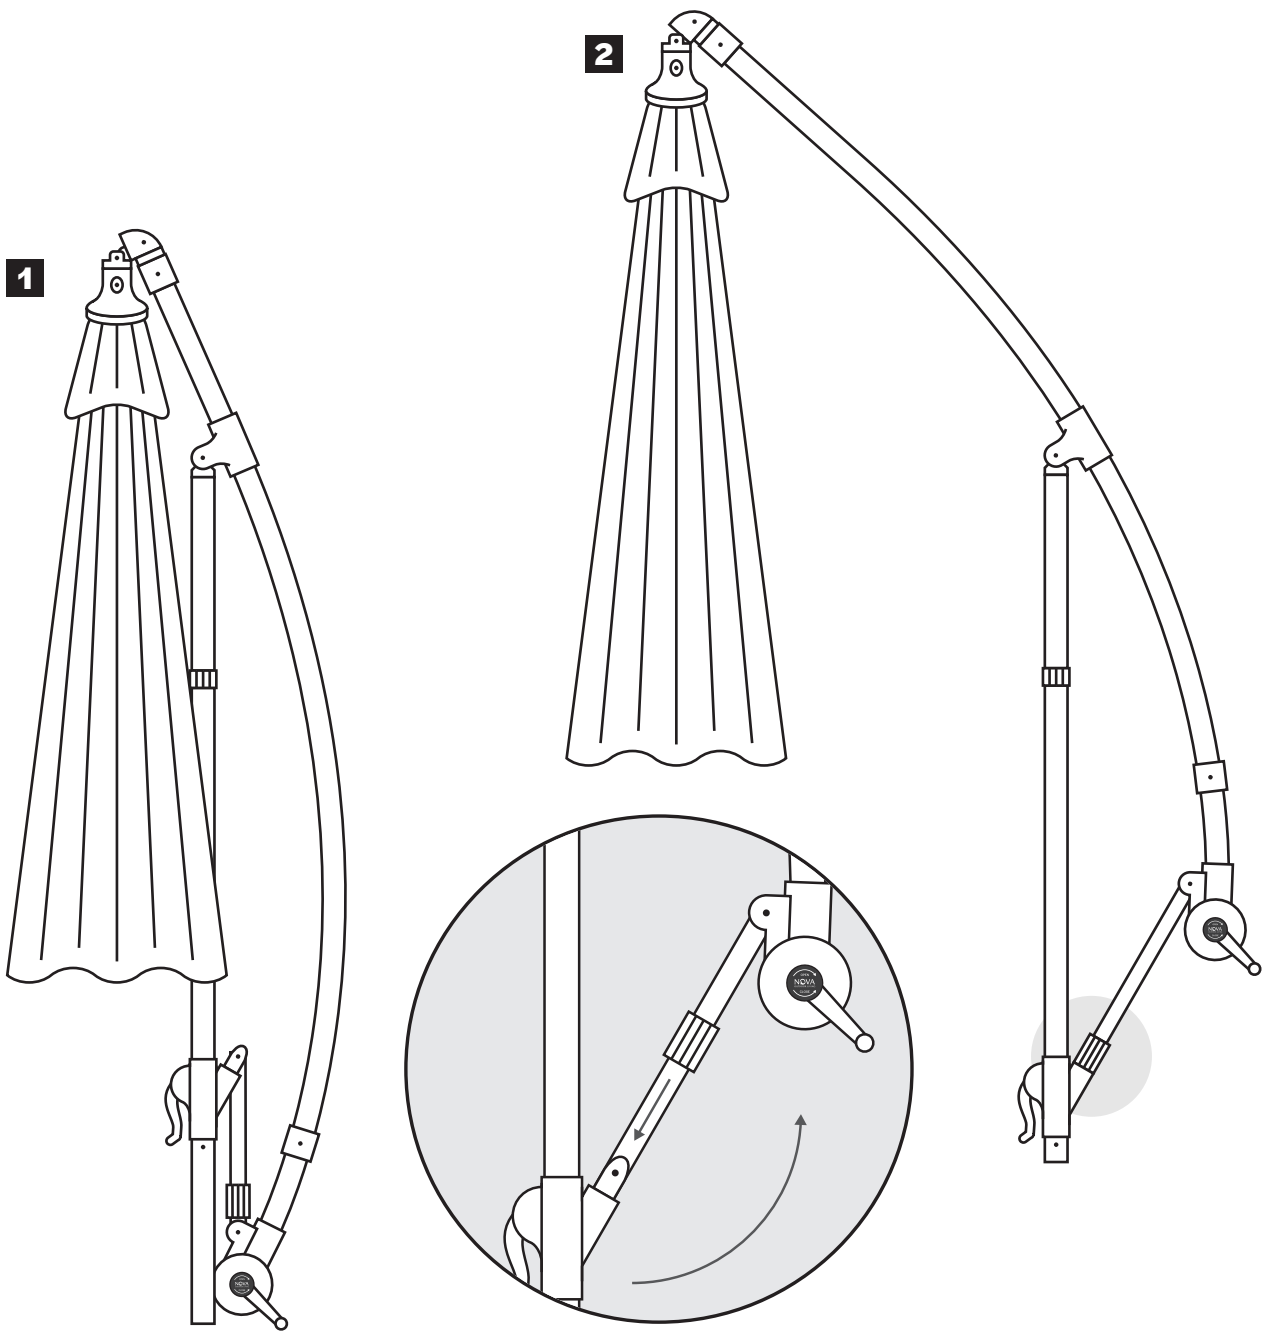


ASSEMBLY

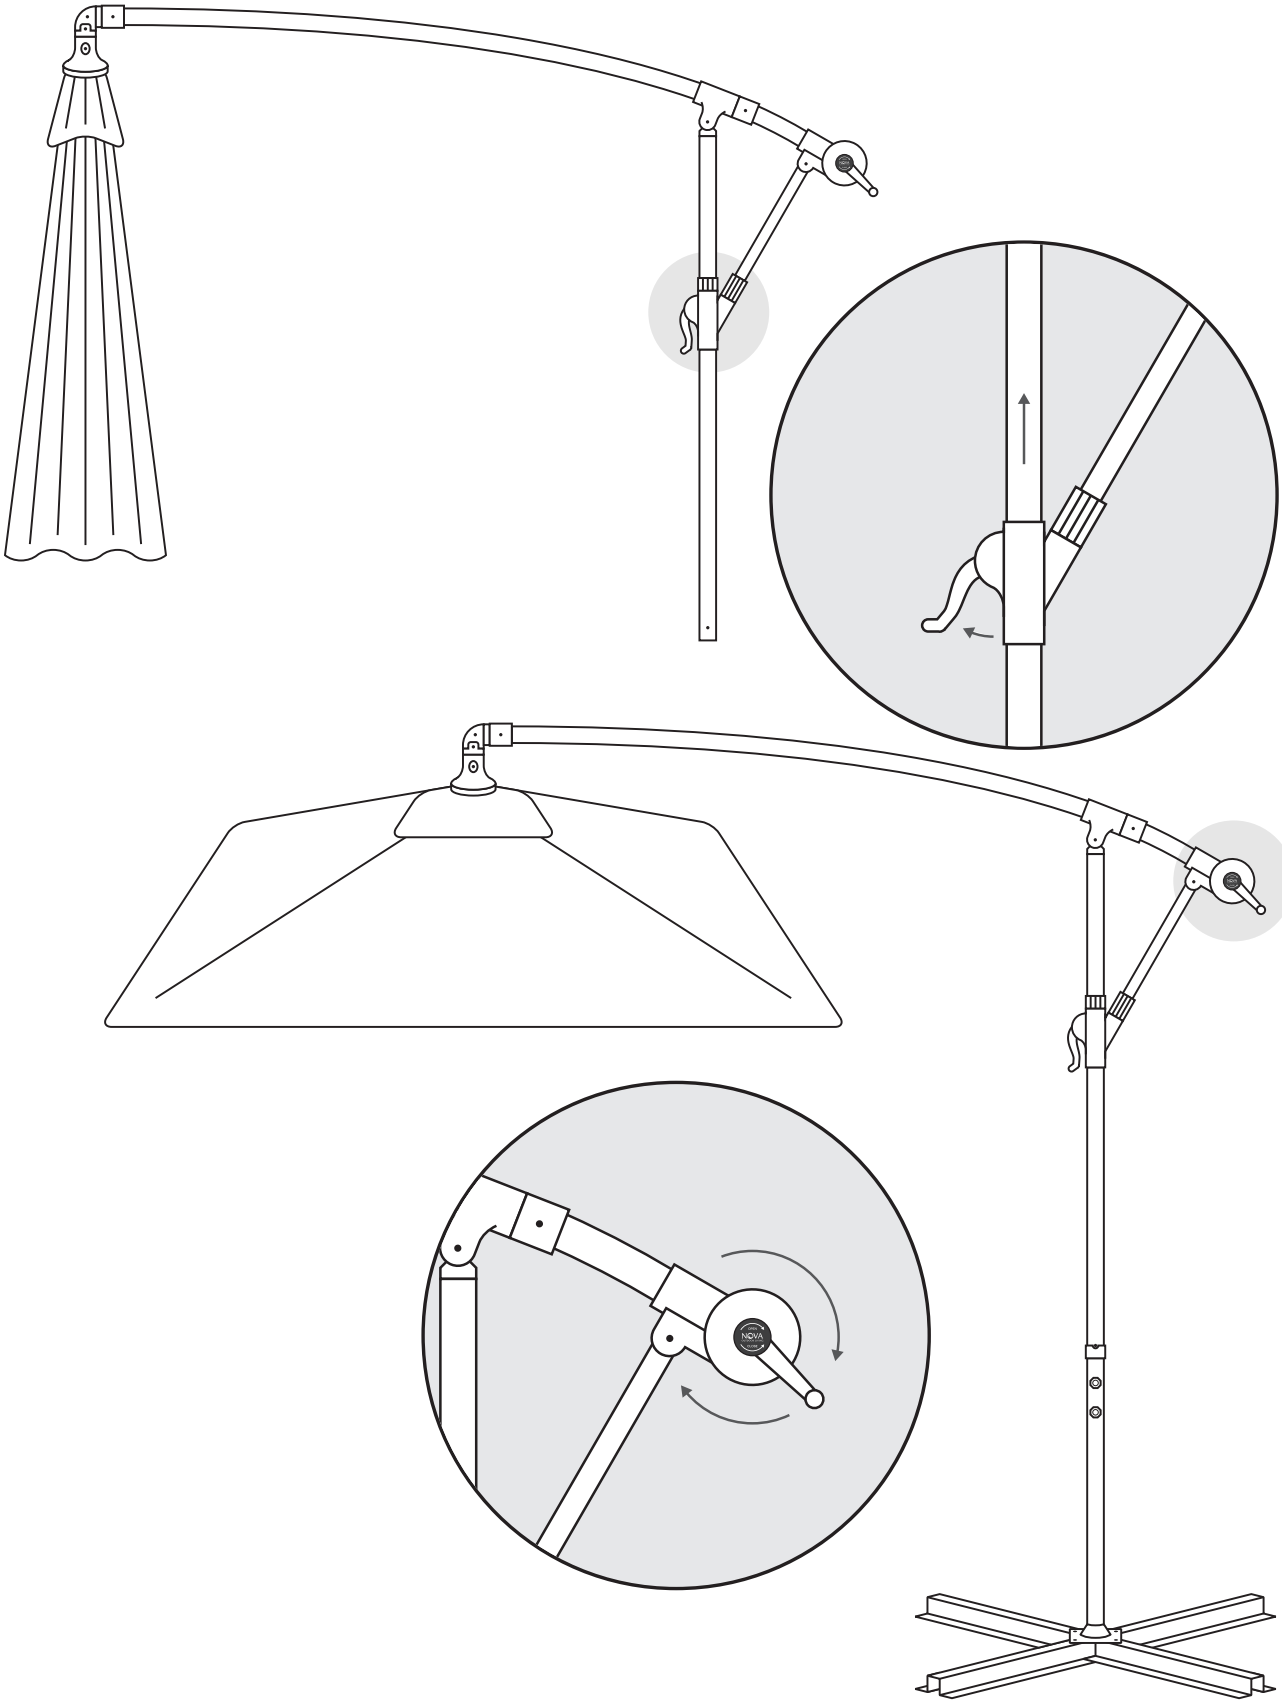
STEP 2

Take the top half (A) and slot it in to the top of the base pole (D), now tighten both thumb screws (H) as tight as possible. Your parasol is now assembled, before you put your parasol up you will need to place a suitable amount of weight onto the cross-section base; we recommend a minimum of 50kg.

To put your parasol up, please follow the steps below:



ASSEMBLY



CARE & MAINTENANCE ADVICE

PARASOL CARE

We hope you enjoy your Nova Barbados Cantilever Garden Parasol. To get the best out of your parasol, follow our care instructions. When not in use, we recommend covering the parasol with a waterproof cover. If any dirt or debris falls on to the canopy, we advise cleaning it off as soon as possible with a warm, soapy water solution and a cloth. During the winter months, we recommend storing the parasol in a cool, dry place.

The parasol should not be left up when not in use or during windy conditions; wind damage is not covered under warranty.

1 YEAR LIMITED WARRANTY ON ALUMINIUM GARDEN PARASOLS

Garden parasols from Nova are covered by a 1 year limited warranty. This warranty protects you from manufacturing faults / defects. This warranty applies to residential domestic use within the UK only. It does not cover commercial use, mis-use, accidental damage or normal wear and tear. Damaged caused by wind or by over-cranking is not covered under warranty.

Warranty claims cannot be accepted without proof of purchase. Warranties are valid from the date of purchase, to the original purchaser only.

For warranty claims to be upheld, all warranty terms must have been adhered to. Warranty terms can be found at https://warranty.novaoutdoorliving.co.uk
